

**NEW FOR
2009!**

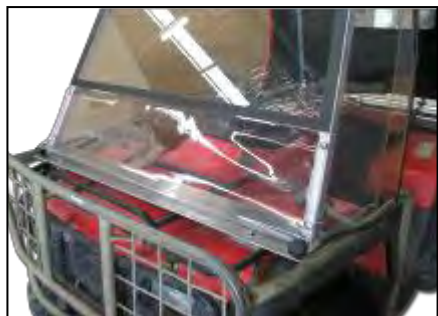

ALUMINIUM FRAME QUAD CAB

PRO-POD:

The Pro-Pod is our all new aluminium frame quad cab. Super lightweight at under 20kg's, this is designed to spread the weight on both front and back carriers to provide minimum stress on the carrier. High tensile aluminium is used for extra strength and durability and the windscreen is toughened safety glass. Features a strong and stylish plastic toolbox (deluxe) or clear PVC front skirt (econ), tough polycarb side fenders and a heavy duty PVC canopy hood which can be rolled up at the back. Folds up flat for cheap freighting and storage. Roller doors and wiper can be added if desired.

Code #	Description	Price:
PP 500	Pro-Pod DELUX (with tool box bonnet)	\$ 1787.21
PP 501	Pro-Pod ECONOMY (with PVC front skirt)	\$ 1623.84
PP 502	Windscreen Wiper kit	\$ 417.17
